

Sancheti Institute for Orthopaedics and Rehabilitation College of Physiotherapy

Curriculum Committee : Undergraduate Academic Training

Purpose:

- To give versatile, enriching and quality education to undergraduate students as per the directives of the curriculum so that they become good professionals, leaders, researchers, communicators
- Plan and implement UG curriculum delivery through student centric education and use of pedagogical methods of teaching – learning with the focus on acquiring necessary competencies
- To enhance student learning experience at the institute

Objective:

- To maximize the potential of students with professional attributes and broad-based research excellence that enables beneficial translation.
- To provide for need based, quality centric education in all branches of learning and follow up from time to time
- To create higher intellectual capacities and skilled therapist by dissemination of knowledge and its relevant application regionally, nationally and globally.
- To venture into innovations and evidence-based modifications in various domains of educational process.
- To support innovations, extramural studies, extension programs and outreach activities to cater and to contribute to the sustainable development of the students
- Coordination with other committees for smooth functioning of the academic program.

Scope:

- Curriculum blue printing including formative assessment
- Assurance of quality in process of teaching learning at the institute
- Strategizing for academic enrichment
- Guiding faculties about suitable methods of teaching learning
- Maximizing student engagement in teaching learning

- Emphasize learner centric teaching learning approaches directed towards development of professional competencies. Incorporation of teaching learning modalities, to name a few, are:
 - Problem Based Learning
 - Case Based Learning
 - Experiential learning
 - Integrated/ Interdisciplinary learning:
 - Patient-centric Evidence-Based learning
 - Role play
- Promoting outcome-based teaching learning processes by aligning teaching and evaluation methods to graduate attributes and intended learning outcomes.
- To provide and make question banks for college with the help of all the teachers. Papers may be received from MUHS, other universities, college papers and from subject/ topic experts.
- Improving hands on technique
 - Skill laboratory
 - Upgrading the museums for facilitating self-learning
 - Incorporation of the BLS (Basic Life Support)
- Review the infrastructure necessary for effective teaching.
