**SANCHETI INSTITUTE FOR ORTHOPAEDICS AND

Name of the event: Swachh Bharat Abhiyan - Plogging Drive

Date: 15th March 2025

Time: 7:00 am to 10 am

Venue: ARAI Hills, Law College Road

OBJECTIVE: To promote environmental sustainability by engaging the local community in responsible waste collection practices. Through this plogging drive, the goal was to raise awareness about waste segregation, recycling, and the importance of maintaining clean public spaces.

PROGRAMME REPORT:

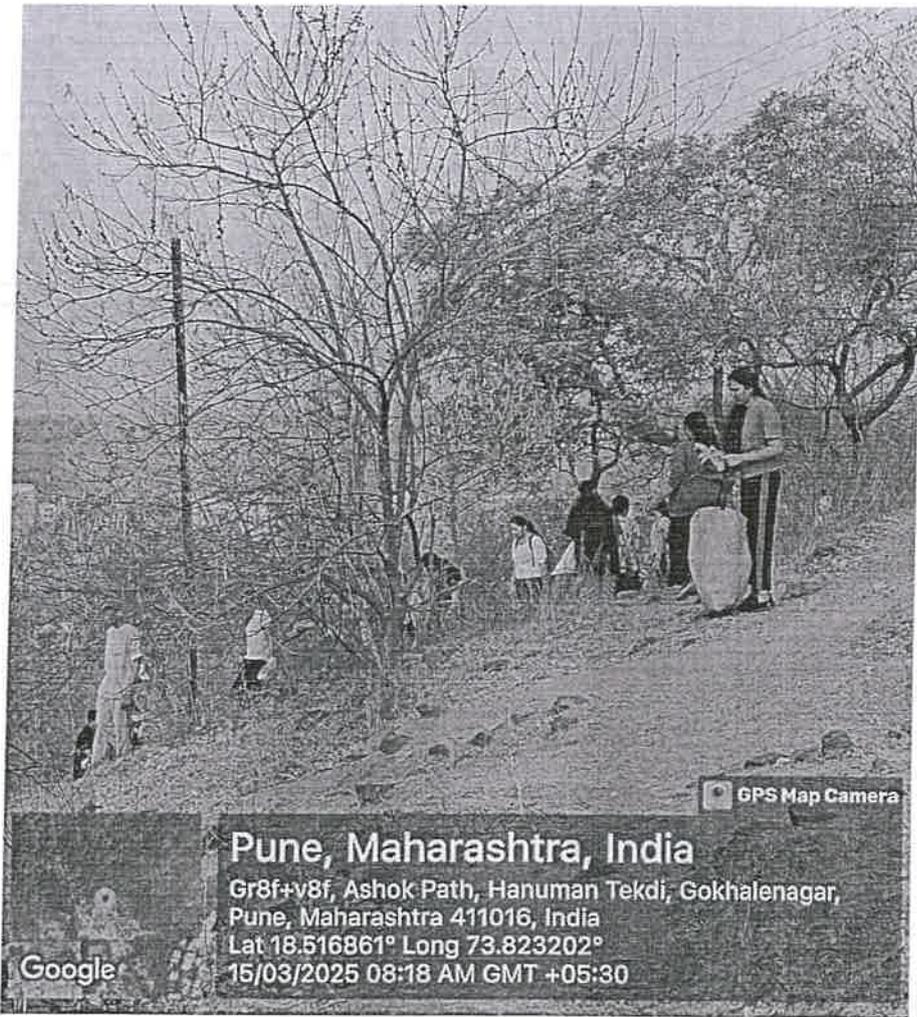

Sancheti Institute college of Physiotherapy and Rotaract Club of Sancheti Healthcare Academy in collaboration with Pune Ploggers organized Plogging drive at ARAI Hills, Law College Road, aiming to promote environmental sustainability and responsible waste management by involving the local community in a hands-on initiative. The event brought together 77 participants accompanied by 2 who were educated on the significance of waste segregation and the importance of maintaining clean public spaces. The drive began with an informative session led by Pune Ploggers, where participants learned about the different types of waste, with a special focus on biodegradable vs. non-biodegradable materials and the safe disposal of glass bottles. Following the session, the participants set out to collect waste from the ARAI Hills area, gathering over 15 bags of litter, including plastic, metal, and paper waste.

The collected materials were sorted into designated categories for proper disposal and recycling. After the drive, the waste was handed over to a PMC waste collection truck to ensure its responsible disposal at a processing unit. This initiative successfully raised awareness management, encouraging community-driven action for a cleaner environment. The event received positive feedback from participants, who expressed a greater understanding of the importance of environmental responsibility.
